EXECUTIVE SUMMARY

Driven IT professional with a strong foundation in IT infrastructure, cybersecurity, networking, and hardware support. Experienced in troubleshooting systems, maintaining reliable technology environments, and delivering user-focused technical solutions. Proven leader with strong communication, collaboration, problem-solving, and adaptability skills, committed to supporting secure and efficient IT operations.

WORK EXPERIENCE

IT Specialist / Crime Prevention Specialist JULY 2025 - PRESENT

Brigham Young University Hawaii

- Supported the maintenance and operation of over 500 security cameras across campus, including routine cleaning and adjustments to ensure optimal functionality.
- Assisted daily in the upkeep of new security applications and software, contributing to enhanced system integrity.
- Managed and maintained computer systems within the BYUH/PCC Security Office, ensuring reliable operations for security personnel.
- Participated in investigations as needed, contributing to data collection and reporting for security incidents.
- Collaborated with team members on projects to develop standardized procedures for equipment usage, configuration, and system management.
- Provided support to supervisors during Security Open Houses in the Winter and Fall semesters, assisting with event operations and public engagement.
- Leveraged AI tools (Claude AI) to build a full-stack web application IT management dashboard built with Virtual Studio Code, React, Typescript, Supabase(PostgreSQL), and Tailwind CSS featuring real-time data sync, CRUD operations and role based access

ITO CSR Tech Consultant / Media Services Technician (Student Lead) MAY 2022 - JUNE 2025

Brigham Young University Hawaii

- Conducted training sessions for approximately 10 new employees each semester, focusing on proper task execution and problem-solving skills tailored to classroom environments
- Troubleshoot common hardware and software issues, such as printer, login problems, and internet connectivity
- Managed and resolved technical issues using a ticketing system (TeamDynamix) to prioritize and track tasks, ensuring prompt responses and resolution of classroom technology problems
- Led team of 5+ individuals in computer and projector set-up, identifying malfunctions or need for replacement, and reporting new installation if needed

Full- Time Missionary, District & Zone Leader April 2016 - April 2018

The Church of Jesus Christ of Latter-day Saints

- Served in leadership roles to oversee and support larger groups of 10-15 missionaries as a zone leader
